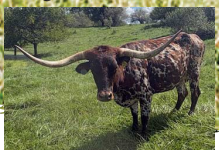
REGISTERED BLACK ANGUS AND LONGHORNS

Pinebank 4197

Bull calves average 65-72 lbs
heifer calves average 62-67 lbs

Cow 235



Bulls available at all times

Lease for $850 per month.$5,000 to buy.

Pinebank, WYE, Olde, Pharo Genetics.

• Low Input • Calving Ease • Moderate in Size

These cattle thrive on year-round grass. They are capable of finishing ON GRASS at a premium—and work well in the commodity market.

GENETICS

The cow herd is viewed as a genetic pool, which is why emphasis is placed on the very top bulls. Cow emphasis is on function, a cow with top genetics, which fails to calve on time, or has any other problem, is culled, regardless of her genetics.

Bred cow with calf at side $6,500
